Nord-Norge means the northern part of Norway, mostly situated inside the Arctic Circle. MS Nordnorge was built in Norway in 1997 and is the fourth ship in Hurtigruten to have this name. Between 2002-2007 MS Nordnorge gave her guests memorable experiences in Antarctica. The new, stylish décor from 2016 has a modern Nordic feel that reflects the breathtaking raw nature of Arctic Norway. Being one of our expeditions ships, she takes guest on more active voyages along the coast.
